

NEWS IN BRIEF

ALABAMA

Albert L. Scott Library, Alabaster

In September 2022, a patron emailed Albert L. Scott Library to request the removal of all two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) materials from the children's department. They spent a month exchanging messages with a librarian, who gently explained the role of the library in serving *all* patrons.

On October 16, the patron filed formal reconsideration requests for two 2SLGBTQIA+ picture books. They were *If You're a Drag Queen and You Know It* by Lil Miss Hot Mess and *The Rainbow Parade* by Emily Nelson. Their complaints were firmly religious. They stated: "I am personally compelled by Jesus' emphasis to care for and protect children in Luke 17, where he warned us to not cause children to stumble."

In November, the library board voted to retain both titles.

Huntsville-Madison County Public Library

On December 27, 2022, a visitor to Huntsville-Madison County Public Library accused library staff of promoting pornography and indoctrinating children. They then stole library copies of *Sex Criminals*, the adult comic book series by Matt Fraction.

The outcome of this incident is unknown.

Paine Elementary School, Trussville

On November 1, 2022, the parent of a Paine Elementary School second-grader emailed the principal to complain that *The Bad Guys in The One?!* (*The Bad Guys* 12) had given their child nightmares.

They requested the graphic novel's removal from the school library.

On November 8, they were given a reconsideration request to fill out. On their completed form, they said the purpose of the story was "to train young minds that when you feel worthless, there is a very dark place that you will not be rejected." They also cited themes of "low self-esteem and worthlessness," which they suggested would turn children to "self-harm and evil."

The outcome of this challenge is unknown.

ARKANSAS

Crawford County Library System

On November 10, 2022, a married couple sent a letter to the Crawford County Justice Board denouncing inclusive children's materials at Van Buren Public Library. The couple represented a local Christian conservative group, the River Valley City Elders. Specifically, they claimed their parental rights and religious liberties were being infringed upon by books promoting "alternative lifestyles." These included any titles with positive two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) representation.

River Valley City Elders encouraged its members to attend the December 19 meeting of the Crawford County Quorum Court. There, the court moved to relocate all 2SLGBTQIA+ titles in the Crawford County Library System (CCLS) from children's collections to separate sections, where minors must be accompanied by a guardian. The CCLS board president and a representative subsequently resigned.

One of the individuals from the original complaint was soon after elected to the board. In January 2023, they introduced an amendment to the collection

development policy that would relegate decision-making powers from the director to the board. However, this amendment was repeatedly tabled throughout that spring.

CALIFORNIA

Huntington Beach Public Library

In November 2022, two patrons called Huntington Beach Public Library to express outrage over a children's title they deemed pedophilic. It was *The Hips on the Drag Queen Go Swish, Swish, Swish* by Lil Miss Hot Mess. They were informed of the official material reconsideration process by staff and provided with request forms to complete.

For several weeks, these individuals attempted to stoke outrage within the community by posting the picture book—which encourages young readers to celebrate who they are—on numerous Facebook forums.

The outcome is unknown.

Los Angeles Public Library

In October 2022, a paraprofessional at Los Angeles Public Library messaged collection management about a manga catalogued in the teen collection. They complained that *My Lesbian Experience with Loneliness* by Nagata Kabi contained graphic sexual images that were inappropriate for young adult readers.

No action was taken. Instead, their supervisor told them that, if they had concerns about the collection, they could fill out a formal reconsideration request on their own time.

The same month, a patron objected to *The Twelve Days of Springtime: A School Counting Book* by Deborah Lee Rose. They said that the children's picture book depicted an Asian child dressed in stereotypical fashion and picking their nose on every page. This outcome is unknown.

Placentia-Yorba Linda Unified School District, Orange County

In September 2022, the parent of a Valencia High School student emailed the principal regarding a slideshow for Banned Books Week, which incorporated official slides from the American Library Association. The parent was concerned about the threat of “grooming” by materials representing two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) identities. The outcome of this complaint is unknown.

On October 21, a Yorba Linda High School student checked out *This Book Is Gay* by Juno Dawson. The next week, their parent contacted the administration to share that they would not be returning the book. They insisted that teenagers should not have access to it. This outcome is also unknown.

Santa Clara City Library

Between December 2022 and January 2023, Santa Clara City Library staff found religious pamphlets tucked inside *Beyond Magenta: Transgender and Nonbinary Teens Speak Out* by Susan Kuklin and other books. Specifically, the titles targeted discuss sex education, feminism, racial equality, and two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) identities.

During this period, library staff also caught a patron removing

2SLGBTQIA+ materials from displays, hiding them, and leaving religious texts in their places.

The outcome is unknown.

Siskiyou County Library

On November 28, 2022, a patron of Siskiyou County Library submitted a material reconsideration request for *It's Perfectly Normal* by Robie H. Harris. The patron requested the title's removal on account of “graphic/explicit sexual images and written, detailed descriptions [of] oral and anal sex in a book intended for children and teens.”

This outcome is unknown.

COLORADO Academy District 20, Colorado Springs

In October 2022, the board president for Academy District 20 (D20) made a video encouraging guardians to look for controversial materials in district libraries. Over the previous two years, Moms for Liberty members using Book-Looks.org had escalated book challenge efforts throughout the district.

The D20 board ultimately rejected requests to remove two antiracist books, which complainants called biased, from the library of Chinook Trail Middle School. The titles were *How I Resist: Activism and Hope for a New Generation* by Maureen Johnson and *We Are Not Yet Equal: Understanding Our Racial Divide* by Carol Anderson.

“If you are worried about access to information, you’re searching in the wrong space,” said the superintendent. “If you really want to go down that path, attacking school libraries is not going to change the access of information you don’t want your child to have.”

Garfield County Public Library District

In June 2022, a patron of Garfield County Public Library District began attending monthly board meetings to informally challenge books. In November, they completed a formal reconsideration request for one volume of *Finder* by Ayano Yamane.

In December, this patron filed additional challenges to *Gender Queer: A Memoir* by Maia Kobabe and *This Book Is Gay* by Juno Dawson. Notably, both center two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) identities. The complainant mistakenly cited challenge data from the Office for Intellectual Freedom as evidence of objectionable content.

All titles underwent committee review. Ultimately, *Gender Queer* and *This Book Is Gay* were retained. The outcome of the challenge to *Finder* is unknown.

Darien Public Schools

At the Darien Public Schools board meeting on October 25, 2022, the parent of a second grader challenged *Julian Is a Mermaid* by Jessica Love. The Stonewall Book Award-winning title had recently been read to their child's class. Selected for the curriculum "to support the acceptance and unconditional love of differences," this picture book follows a little boy who is inspired to dress as a mermaid after watching the Coney Island Mermaid Parade. On November 13, parents received an anonymous email from an encrypted address, reaffirming the challenge.

The title was reviewed and ultimately retained in the curriculum. "[We want] the books in our classroom libraries to be mirrors where students see themselves and their lives and also learn about others in the world," said the superintendent.

That December, the district held a parent workshop on social emotional learning.

Enfield Public Schools

On September 17, 2022, an Enfield Public Schools board member called upon the board to protect students from objectionable reading materials. The next month, this individual submitted a list of challenges, which overwhelmingly targeted books with two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) themes and characters.

The only title known is *This Book Is Gay* by Juno Dawson; however, it was not found in the libraries of Enfield Public Schools. At an October board meeting, a pastor from the United Church of Christ quoted a passage from the young adult book: "Some would argue that both homophobia and transphobia have roots in suspicion and paranoia; the less we understand a group in society, the less we bother to learn." They urged the board to start with the Bible if lewd material was a genuine concern.

"The idea of me wanting to ban books is not what this is about," said the individual behind the ban. "It's really about defining what's healthy and safe for our students."

The outcome is unknown.

Eugene Ashley High School, New Hanover County

In December 2022, the parent of a Eugene Ashley High School student complained over email about *Stamped: Racism, Antiracism, and You* by Jason Reynolds with Ibram X. Kendi. They said the title, which was taught in an Advanced Placement (AP) course, "contains Marxist ideology, inaccurate reframing of history, untruths, and disrespect for our nation and the Bible."

Despite their child being given an alternative assignment, the parent filed a formal complaint. At a January board meeting, they defended their request with false claims that several founding fathers had freed their slaves, and insisted that "America was not founded on injustice and slavery." For years, this individual has claimed the district is indoctrinating students with leftist ideology.

"There's a fundamental difference between saying I would prefer my kid not to read this book, and saying no kid should read this book," said the teacher

of the AP course. "And to give that kind of carte blanche control, that any idea that comes up in a book that bothers someone they can just say no kid can have access to it, is very troubling."

A review committee's initial decision to reject the challenge was appealed by the parent. At the start of the 2023-2024 school year, the board voted 4-3 to temporarily remove *Stamped* from classrooms, pending further review. The title, however, remained in circulation within high school libraries.

Madison County Schools

At the September 2022 board meeting for Madison County Schools, a board candidate denounced *All American Boys* by Jason Reynolds. They had discovered the title in the library of Madison Middle School. At the next meeting in October, a former teacher mistakenly said the book had been banned.

District administration quickly denied this claim, clarifying their official challenge policy and explaining that no formal complaint had been filed.

"When selecting instructional material, a school must focus on all its students, but we believe a parent should always have the final say in reading material," said the superintendent. "It is also important, however, that no individual can limit the same right to choose for other parents."

Wake County Public Libraries

In September 2022, Wake County Public Libraries added 20 copies of *Johnny the Walrus* by Matt Walsh to the system collection. The picture book—written by a prominent anti-transgender activist—depicts a boy who imagines that he is a walrus and is subsequently forced by “internet people” to become one.

Earlier that year, senior library staff independently removed several titles from circulation. They were:

- *Antiracist Baby* by Ibram X. Kendi
- *Gender Queer: A Memoir* by Maia Kobabe
- *Our Skin: A First Conversation About Race* by Megan Madison and Jessica Ralli

Senior staff justified their decisions to remove *Antiracist Baby* and *Our Skin*, both board books, arguing that political and social commentary should not be accessible to children. This incident prompted administrators to adopt a new material reconsideration policy, which was later used to support the purchase of *Johnny the Walrus*.

“*Johnny the Walrus* is a book written to mock the legitimacy of trans people’s very existence. It exists in the context of a movement to demonize and attack trans people, to deny them equal rights up to and including that of physical safety,” said one librarian. “It is possible to acknowledge this while also explaining and defending the process by which the book was purchased and will be reviewed for reconsideration.”

the library’s Facebook page, referencing their unsuccessful challenge.

Their complaint was supported by a several-page document from Christian Action Network, which urged parents to challenge school library materials. This individual had already filed a complaint with the local school district, which did not own the title.

CROOK COUNTY LIBRARY

In July 2022, Prineville community members spread disinformation about *Rick* by Alex Gino from Crook County Library. The link actually navigated to a crisis hotline for two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) individuals.

For at least four months afterwards, a growing number of community members began pushing to restrict and remove all library titles with positive 2SLGBTQIA+ representation.

PENNSYLVANIA

Central Bucks School District, Bucks County

On July 26, 2022, the board of Central Bucks School District passed a new policy regarding sexually explicit library materials. The policy was intentionally vague and met with widespread opposition from the community, which called it a book ban. Many worried that it

would be used to target materials with two-spirit, lesbian, gay, bisexual, transgender, queer/questioning, intersex, and asexual (2SLGBTQIA+) representation.

"This proposed policy is not about the kids," said one librarian. "It's about those parents who are uncomfortable talking to their kids about real-world issues."

On December 1, 2022, district librarians received an email announcing challenges to five titles. Four of them included 2SLGBTQIA+ themes and characters. They were:

- *Beyond Magenta: Transgender and Nonbinary Teens Speak Out* by Susan Kuklin

Hollidaysburg Area School District

At the beginning of the 2022–2023 school year, a Hollidaysburg Area School District junior high teacher displayed a Pride flag in their classroom and asked students for their preferred pronouns. District parents were outraged. This issue later escalated when the teacher was personally seen reading *Gender Queer: A Memoir* by Maia Kobabe, which they kept visible on their desk. They were reprimanded and forbidden from bringing the title back to school.

Following public outcry, some school board members moved to amend policy language regarding what topics are appropriate for classroom discussions, including political, religious, and sexual content. "In light of everything we're learning, [the teacher's] class was not a safe space, and the Pride flag is instead being used as a guise in order to facilitate conversations with students that are inappropriate and the school is not able to monitor," said one parent. This individual involved Pennsylvania State Police despite being informed that students were neither shown nor read any material from *Gender Queer*.

Students felt very different. "When I have a teacher who I know cares about me and loves me, I trust what they're teaching me," said one high schooler. "A Pride flag is a symbol of acceptance and love. It means a lot to a kid to have someone say that they love you or they care about you."

Known titles were:

- *Breathless* by Jennifer Niven

- *Crank* by Ellen Hopkins
- *The Hate U Give* by Angie Thomas

"In a county with no bookstores and where a great portion of parents cannot afford to pay for their child's lunch, let alone buy extra books, removing a book from the school library is effectively denying children and their parents the choice to read it," said the parent of a Delta High Schooler.

Vancouver Community Library

In 2019, Fort Vancouver Regional Libraries hosted over 2,300 storytime programs. Of these, three were drag queen story hours. These events, which all reached maximum capacity, took place at Vancouver Community Library and were sponsored by Friends of the Vancouver Community Library.

Upon advertising the programs, an oppositional group formed decrying "gender confusion." As of that December, the group claimed to have collected

several-thousand signatures petitioning against future levy votes for the library if they refused to denounce the inclusive events.
