

Jan-Feb 2000 — Nov-Dec 2001

## Library Technology Reports

**Accessibility***Accessibility Guidelines for Electronic Resources*, July/Aug 2001, pages 7-81

Accessible Web Sites, pages 35-44

Computer Training, pages 57-64

Troubleshooting, page 61

Teaching, page 64

Advantages, pages 9-12

Equity of Access in Libraries, pages 65-72

Collaboration, page 66

Cooperation, page 69

Librarians and IT Staff, page 65

Legal Requirements, pages 13-16

Americans With Disabilities Act, page 13

Section 508, page 13

Telecommunications Act of 1996, page 14

Providing Information to All, page 7

Technologies, pages 17-34

Choosing a Browser, page 31

For the Hearing Impaired, page 26

For the Mobility Impaired, page 26

For the Visually Impaired, page 17

Braille Displays, page 21

Large Print Information, page 23

Screen Readers, page 18

Web Design, pages 45-56

**Cataloging***The State of Library Automation at 2000*, Jan/Feb 2000, pages 7-32

Bibliographic Utilities vs. CD-ROM Products, page 16-17

Databases, pages 17-20

Important Developments Since 1966, pages 7-8

Globalization, pages 20-21

Output Products, pages 27-28

Quality, pages 24-26

Retrospective Conversion, pages 28-29

Vendors and Products, pages 11-15

User Interfaces and Retrieval Functionality, pages 22-23

Z39 Cataloging Alternatives, pages 30-31

**Databases**See also, **Online Databases***Internet-Accessible Full-Text Electronic Journal and Periodical Collections for Libraries*, Sept/Oct 2000, pages 7-111

Database Vendors, pages 106-110

Academic Journal Aggregators, pages 107-108

Blackwell Electronic Journal Navigator, page 107

EBSCO, page 107

Information Quest, page 107

Ingenta, page 108

OCLC First Search, page 108

SwetsNet, page 108

Vendor Sites, pages 108-110

EBSCO, page 108

## Cumulative Index, cont.

- HW Wilson, page 109
- Elibrary, page 109
- Information Access Company (IAC) InfoTrac, page 109
- ProQuest, page 109
- SIRS, page 110

- Library Operations that Create Access to Full-Text Periodicals, pages 51-105
- Licensing Strategy, pages 77-85
- User Experience, pages 11-50

### Digital Imaging

*Digital Imaging Technology, Jan/Feb 2001, pages 7-64*

- Access, page 42
- Case Studies, page 49
- Costs, page 56
- Editing, page 29
- Image Capture, pages 20-28
  - Digital Cameras, page 21, 26
  - Ideal Capture Device, page 22
  - Ideal Capture Resolution, page 22
  - Image Formats, pages 22-23
  - Frame Grabbers, page 27
  - Scanners, pages 20-21
  - Flatbed, page 23
    - Faceup or Planetary, page 25
    - Microform, page 26
- Image Transmission, page 38
- Organizing and Retrieving Images, page 34
- Storage and Compression, page 31
- Technology Basics, pages 16-19
- Vendors of Imaging Systems, page 45
  - Addresses, page 64

### Ergonomics

*Library Ergonomics and Facilities Planning, Nov/Dec 2001, pages 5-71*

- Computer Workstations, pages 25-29
  - Posture, page 25
  - Chair, page 26
  - Workstation, page 27
  - Monitors, page 27
  - Keyboard and Mouse, page 27
  - Telephone, page 28
  - Vision and Lighting, page 28
  - Temperature, page 29
  - Noise, page 29
  - Fumes and Chemicals, page 29
- Consultants, Directory of, page 57
- Exercises, page 30
- Lifting, pages 30-32
- Musculoskeletal Disorders, pages 19-24
  - MSDs and Work, page 19
  - Types of MSDs, pages 19-24
- OSHA Job Hazard Checklist, page 69
- Principles, page 9
- Products, pages 39-48
  - Lighting, pages 45-47
  - Lifting Aids, page 47
  - National Suppliers, page 48
  - Seating, page 39
  - Software, page 47

## Cumulative Index, cont.

- Workstations, pages 40-45
  - Workstation Accessories, page 42
  - Personal Computers, page 43
- Program Components, pages 49-52
- Standards, pages 33-38
  - U.S. National, page 33
  - State, page 35
  - International, page 36

### Filtering

- Alternatives to Filters*, Mar/Apr 2001, pages 5-55
- Types of Filters, page 16
- ALA Policy Statements, page 20, 53
- Alternatives to, pages 22-47
  - Authentication and Smart Cards, page 32
  - Content Managers, page 35
  - Computer Positioning, page 24
  - Data Blockers, page 37
  - Family Contracts, page 28
  - Law Enforcement, page 44
  - Location, Time Limiting Devices, page 40
  - Parental Consent, page 30
  - Privacy Screens, page 22
  - Public Education, page 29
  - Tap-on-the-Shoulder Policies, page 42
  - Web Site Rating, page 38
  - Whitelists, page 35
  - Use Policies, page 26
  - User Monitors, page 45
- Future Developments, pages 48-52
  - Case Study, Chicago Public Library, page 51
- History, page 10
- Problems With, page 18

### Integrated Library Systems

- The State of Library Automation at 2000*, Jan/Feb 2000, pages 33-65
- Computing Environments, pages 39-46
- Functionality, pages 46-54
- Future Directions, pages 60-65
- Industry Trends, pages 54-59

### Networks

- Network Checklist for Library Intranets and Internet*, May/June 2001, pages 5-63
- Network Applications and Requirements, pages 9-18
- Network Checklists, pages 19-50
  - LAN, page 21
    - Backbone or Campus Network, page 31
      - Cabling, page 23
      - Local Area Network Protocol, page 22
      - Network Interface Cards, page 26
      - Operating System and Server, page 29
      - Structured Cabling System, page 26
      - Topology and Connecting Devices, page 27
      - Wireless LAN, page 30
  - Internet, page 32
    - Equipment for Secure Connection, page 45
    - Internet Access, page 33
    - Internet Addresses, page 47
- Universal Service Discounts, pages 51-54

## Cumulative Index, cont.

### Online Databases

*Evaluating and Purchasing Online Database Collections*, Fall Online, pages 5-169

Identifying Concerns, pages 5-7

Considerations Before Purchasing, pages 22-31

Copyright Concerns, page 28

Licensing

Legal Advice, page 24

Negotiating, page 27

Wording, page 25

Evaluating Products, pages 8-21

Costs, page 9

Consortia, page 10

Duplication, page 10

Embargoes and Exclusivity Deals, page 11

Features to Evaluate, pages 12-18

Patrons, page 21

Questions to Ask Vendors, page 19

ICOLC Statements, pages 133-158

Industry Survey, page 130

Licensing Principles, pages 32-35

For Electronic Resources, page 36

Model Licenses, pages 44-118

Academic

Consortium, page 83

Single, page 105

Corporate, page 70

LibLicense Standard Agreement, page 44

Public Library, page 57

Standard Language for Agreements, page 159

Vendors and Publishers, page 162

### Searching

*The State of Library Automation at 2000*, Jan/Feb 2000, pages 67-95

Vendors and their Products, pages 73-80

Industry Trends, pages 80-95

Content Providers, page 90

Digital Library Links, page 94

End-User Searching, page 87

Globalization, page 82

Integration vs. Aggregation, page 89

Pricing Models, page 91

Web-based Services, page 85

### Security

*Security Strategies for Library Networks*, Spring Online, pages 5-50

Data Storage Management and Recovery, pages 7-12

Causes of Data Loss, page 7

Controlling Data, page 8

Data Backup Systems, page 10

Desktop Systems, page 12

Network Infrastructure, pages 27-38

Ethernet, page 27

Firewalls, page 30

Personal Firewalls, page 37

Products, page 36

Public Library Workstation Security, pages 45-50

Network Access, page 46

Preserving Web Sites, page 50

Products, page 49

## Cumulative Index, cont.

- Web Browsers, page 47
- Resources, page 51
  - Servers, pages 39-44
  - Password Management, page 40
  - Maintenance and Configuration, page 41
- Virus Protection, pages 13-26
  - Causes, page 16
  - Designing Virus Defense, page 17
  - Desktop Software, page 23
  - Technical Solutions, page 19
  - Types of Viruses, page 14

### Standards

- Information Technology Standards*, July/Aug 2000, pages 7-111
- Business Communication, pages 70-75
- Cabling and Networks, pages 40-48
- Format and Mark-Up, pages 24-39
- Identification and Description of, pages 18-23
- Imaging, pages 66-68
- Interfaces, pages 49-65
- NISO Voting Members, page 111
- Role of Standards, pages 7-17
- Specifying, pages 76-78

### Usability

- Optimizing Library Web Services: A Usability Approach*, Summer Online, pages 5-64
- Accessibility, page 63
- Basic Questions, page 8
- Best Practices, pages 38-41
- Boilerplates, page 76
- De Facto Standards, pages 42-43
- Engineering for Usability, pages 11-31
  - Goals, page 11
  - Methodology, page 12
  - Scope of Tests, page 24
  - Statistical Toolbox, page 29
- Historical Perspective, page 6
- Information Architecture, pages 44-53
  - Browsability, page 52
  - Search Engines and Metadata, page 50
  - URLs, page 53
  - Web Site Building, page 44
  - Web Site Maintenance, page 45
- Optimizing Library Web Services, pages 54-62
  - Basics, page 54
  - Characteristics of Useful Library Sites, page 56
  - Online Catalog, page 58
  - Outside Content, page 60
  - Portals, Vortals, and Information Spaces, page 61
  - Products, page 62
- Practice of, pages 32-36
  - Consensus, page 33
  - Faux Usability, page 32
  - Feedback, page 33
  - Jargon, page 34
  - Research on the Web, page 36
  - Writing for the Web, page 35
- Privacy, page 64

## Cumulative Index, cont.

Speed, page 37  
Standards, page 63  
Test, page 65  
Uptime, page 37

### Virtual Libraries

*Assembling and Managing Virtual Libraries*, Sept/Oct 2001, pages 5-61  
Case Studies, pages 31-46  
    Florida Distance Learning Reference and Referral Center, page 41  
    Kentucky Virtual Library, page 31  
Checklist, page 49  
Definition, page 6  
Future Developments, page 47  
Planning, Assembling, and Implementing, pages 9-30  
    Content and Service, page 21  
        Electronic Resources, page 22  
        Guides, page 24  
        Reference, page 25  
        Resource Sharing, page 25  
    Management and Funding, page 13  
    Planning, page 9  
    Technology Infrastructure, page 15  
        Authentication, page 18  
        Commercial Services, page 17  
    Integration of Systems, page 15  
        Interface Design and Usability, page 20
